DESIGN AND INNOVATION SHOWCASE

Thursday, June 6, 2019

6:00p.m. — 7:30p.m.

The Design and Innovation Showcase features culminating projects created by middle school students in their electives. Come celebrate learning with us!

Genius Hour

Room 207 - There is no limit to what students can learn as long as they are interested in the subject area. In Genius Hour, students pursue their passions. Hear from students about their challenges and triumphs.

Inquiry Arts

Room 206 - Our artists have spent the year devoted to their chosen art subject. Visit our student-curated gallery to view student artwork as well as to learn about the artists.

Music Composition and Technology

Room 404 - Students have written, composed, and recorded their own music using technology hardware and software, as well as our recording booth. Experience student-produced movie and television music and original musical compositions.

Theater

Kittle Auditorium (6:30p.m. - 6:40p.m.) - Our Theater students have spent their year learning about the basic concepts of theater arts. See an abbreviated version of their play, "Colors of America" - don't miss the show!

Film

Kittle Auditorium (6:45p.m. - 7:30p.m.) - Students in film have spent the year studying what it takes to make a movie. View special screenings of short films produced, directed, and edited by middle school students in the Film elective.
