Extended Day

Our program allows families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized to support emotional, physical and cognitive wellness, provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day.

Extended Day Hours

Preschool
7:30 AM – 5:30 PM

Lower School
7:30 AM – 5:30 PM

Middle School
4:00 PM – 5:30 PM

Middle School students can remain on campus until 4:00 PM without incurring additional fees.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Martial Arts

Under the teachings of Master Craig Joyner and through positive reinforcement, students will develop coordination, self-discipline, flexibility, physical fitness, mental strength and positive character traits, as well as gain valuable social skills.

Master Joyner holds a 5th degree black belt in the Kempo style and is the owner of United Studios of Self Defense in Encinitas. He has been teaching after-school martial arts classes at The Rhoades School for the past 16 years. A karate gi and belt is recommended (to purchase, please contact Craig Joyner at encinitas_ussp@att.net).
